To Whom It May Concern,

This is my personal recommendation for Piter Garcia. Piter has worked directly under my supervision as an Engineering Intern from June 2011 through August 2012. He is very dependable and works extremely well with others. During his time at DDC he has shown to be motivated and self-disciplined individual. I highly recommend Piter for employment and feel he would be an asset to your organization.

Sincerely,
Vincent DiMatteo
Project Engineer Manager
